

Ideal for landscapers or homeowners, the EC240 sod cutter cleanly cuts sod for flowerbeds, walkways, and lawns. With a cutting depth of 0 to 2 ½", the EC240 can be used to cut thick lush grass or even to shave off the last bit of dirt to prepare your work site.

Standard Features:

- A 24" cutting width
- Easy adjustment from 0 to 2 ½" Cutting Depth
- A heavy duty steel frame
- Maintenance free roller
