

# Stump Grinder 3000 series LC150

The LC150 **Stump Grinder** makes quick work of unwanted stumps and roots. Heavy-duty carbide cutters provide extended and effective performance in spite of dirt, stones, and debris in work area. The stump grinder mounted on the 3000 series tractor creates an agile, powerful machine for even the toughest jobs in the tightest places.

Steering wheel-controlled articulation provides side-to-side cutting action. Forward and reverse motion is controlled with the tractor's hydrostatic drive.

**The hydraulically controlled drop stand performs three functions:**

- (1) A stand for remounting.
- (2) A blade to refill the hole.
- (3) A depth gauge to preset the desired depth of cut.

## Standard Features:

- Replaceable carbide hardened teeth
- Excellent operator visibility
- Integrated operator controls
- Hydraulically controlled stand and depth gauge
- Ventrac Minute Mount System
